

PRESS RELEASE

CRETA MARIS CONVENTION & GOLF RESORT UNDERGOES RENOVATIONS

Creta Maris Convention & Golf Resort is in the midst of an important undertaking. Beginning in winter 2008 and continuing through the season in 2009, the first part of the 3-year renovation plan by the Metaxas Group of Companies, SA, has materialized.

All the main building bathrooms will be fully restored and refurbished when we open our doors in April 2009.

Another important aspect of our renovations, and one we're proud to deliver, is the newly built pool, complete with wooden deck, which brings the number of private pools in the complex to 3, not including the indoor and children's pools.

A brand-new mini club and playground will provide our young visitors daily programs full of fun and education. The Creta Maris mini club houses technology standards that children receive nowadays in schools.

The newly renovated and decorated reception area will impress the new visitors and will be a pleasant surprise for the loyal customers of this legendary hotel.

The garden architect is working tirelessly to turn our gardens into a verdant and colorful paradise.

Culinary delights - our two new restaurants will open their doors in 2009 - Creta Maris's 'Almira on the Rocks' and Terra Maris's Italian restaurant. Our executive chefs, as always, will provide clients with the highest quality food and beverage and the restaurants themselves will provide clients with a feast for the senses. They will need to be seen and *tasted* to be believed!

'..all you imagine can come true'
