FOR IMMEDIATE RELEASE

CRETA MARIS GREEN TEAM TAKE ACTION TO PROTECT THE ENVIRONMENT

HERSONISSOS, CRETE, June 5 2012- Creta Maris Beach Resort Green Team organized a celebration of World Environmental Day by passing fifteen minutes without light in all common areas at night resembling an old Cretan way of life. The lights of candles around the pool, the "silence" of culture, and the coastal environment in a more natural background was a separate and parallel ecological experience for our guests. The Creta Maris presented its version of "black out time" event (an event where many countries cease electricity in many places and monuments for ecological reasons). An extremely significant number of guests and employees participated in this event, making it a huge success.

Creta Maris Green Team, strives to spread environmental awareness and encourage the residents of Crete to contribute all they can to maintain a clean environment.

The Green Team's mission is to support the Region of Crete, the Region of Heraklion and Heraklion Regional Municipalities by contributing towards activities related to environmental protection, such as cleaning public areas, beaches, planting trees etc.

Creta Maris Beach Resort belongs to Metaxa's Group of Companies and has been operating since 1975. It has a capacity of 675 rooms, suites and bungalows, 6 restaurants, 7 bars, 7 swimming pools, gym, spa, Asteria Children's Club, and many places for outdoor and indoor activities for children and adults.

Hotel Photos are available in high resolution on our site <http://www.maris.gr/media/image-library.aspx>
