

New Name and Philosophy for the Creta Maris Beach Resort

With a “wind of change”, a new name and operation philosophy, the well-known hotel Creta Maris innovates and begins its operation on Sunday, April 1st 2012.

Firstly, with the new name Creta Maris Beach Resort the two hotels, Creta Maris Convention & Golf Resort and Terra Maris Convention & Golf Resort, get merged in one unit with capacity of 675 rooms.

The new hotel's philosophy is expressed through three words: "Green Cretan All-Inclusive". Three words that signify the hotel's policy and mean: high quality All-Inclusive services with respect to the environment in an authentic Cretan hotel.

The hotel innovates not only by using these three ideas for the first time combined, but also revolutionizes with another very important step for its operation and generally Crete. All supplies of Creta Maris Beach Resort, primarily in the food sector, are mostly from local producers. With pure Cretan ingredients, fragrances, tastes, love of tradition and Crete, Creta Maris Beach Resort has created a culinary journey, through which the visitor has the opportunity to experience the history and everyday life of Crete.

This experience does not stop to the culinary journey. The guest has the opportunity to live moments from the real life of the Cretans in the villages. The guest can watch and participate in dances, in Cretan feasts, in the party of tsikoudia, the process of cheese making, etc.

Furthermore, the guest has the option to participate in environmental programs (Green Team) and watch the environmental activities (recycling, solar energy farm, organic garden, etc.) of Creta Maris Beach Resort.

The Creta Maris Beach Resort, with a tradition of more than 35 years of successful operation, returns to its roots and invites you to experience the magnificent Cretan hospitality.
