**FOR IMMEDIATE RELEASE**

**'Travelife' Gold Medal for Creta Maris Beach Resort  
& environmental actions**

**HERSONISSOS, CRETE, August 12 2014-** The Creta Maris Beach Resort celebrated the "Travelife" gold award for the years 2014-2016 organizing an environmental action.

Travelife is an international sustainability certification scheme. It helps hotels around the world improve their environmental, social and economic impacts cost-effectively. In order to receive the gold Travelife award a hotel should be in strict compliance with all the criteria of sustainability, encouraging all to participate in similar environmental effects.

To celebrate the gold award and in order to participate actively in the effort to protect the environment, the Creta Maris Green Team – an environmental needs group of Creta Maris Beach Resort performed a cleaning action of the surrounding area starting from the entrance of the hotel and heading towards the main road "Hersonissos -Heraklion". It is remarkable that the voluntary participation of employees and customers was great and quite encouraging for the continuation of the effort to pass a message of environmental awareness to all citizens and contribute greatly to maintaining a clean environment, which is a brilliant legacy for future generations.

Creta Maris Beach Resort has been operating since 1975. It has a capacity of 680 rooms, suites and bungalows, 6 restaurants, 7 bars, 7 swimming pools, gym, Hammam spa, Children's Club, and many places for outdoor and indoor activities for children and adults.
